

RO CLEANER-C

Product Code : Q00145
Product Group: RO TREATMENT
Packaging: 25L, 210L

PRODUCT DESCRIPTION

RO CLEANER-C is a mild acidic liquid membrane cleaner formulated to effectively remove metallic-based foulants and scaling components such as, iron sulfate, aluminum sulfate, barium sulfate, calcium sulfate, calcium carbonate, etc.

PRODUCT USES

Is used diluted with water in a concentration of 5% .
Circulate the product in a temperature of 35-40 °C for 1-2 hours.
The temperature should not exceed 50 °C.
Rinse with water for 10-15 minutes.

The above proportions are indicative and can change depending to the type of the soil the contact time, the temperature of the solution and the condition of the membranes. Generally, membrane manufacturer's guidelines should be followed for cleaning membranes.

CAUTION

Acidic material. Avoid contact with skin and eyes. For further instructions refer to Material Safety Data Sheet (MSDS).

HEALTH SAFETY

Please refer to the Material Safety Data Sheet and Product Label for specific information.

LIMITATION OF LIABILITY

EUROCHEM INTERNATIONAL standard terms and conditions of sale, available on request, apply and contain limitations on any liability that may be incurred by EUROCHEM INTERNATIONAL arising in any way from the sale and use of products supplied by EUROCHEM INTERNATIONAL.

BENEFITS

- **Excellent cleaning efficiency.**
- **Non-foaming formulation that reduces cleaning time.**
- **Compatible with major membrane suppliers.**
- **Good rinsability.**
